

A world map in light blue outlines is centered in the upper half of the slide. Two airplane icons are overlaid on the map: a light blue one on the left and a white one on the right. A dotted line of white dots curves across the map from the bottom left towards the top right.

XIII Seminario Internacional de Huracanes 2018

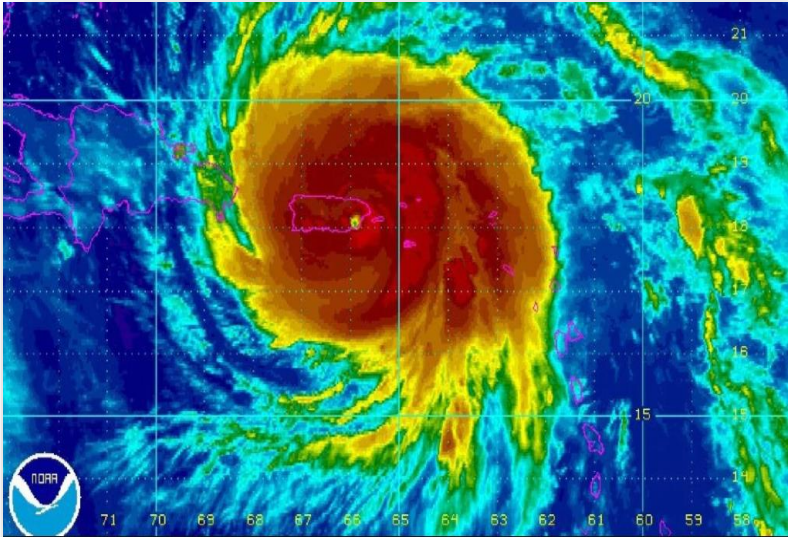

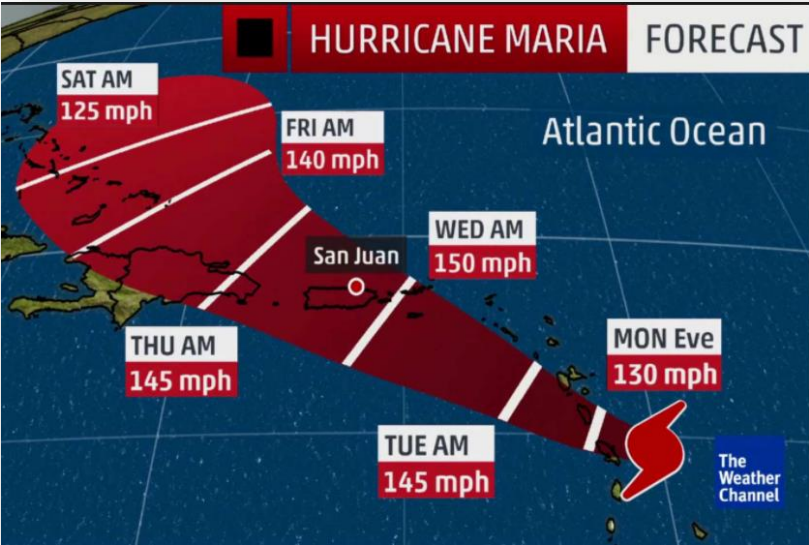

**Impact of Hurricane María at SJU
(San Juan International Airport)**

A stylized city skyline with various skyscrapers in shades of blue and white is visible in the background, partially obscured by the title text and a decorative wave at the bottom.

Agustín Arellano
Chief Executive Officer
March 5, 2018, Mérida, México
